

Weather permitting; the Mosquito Control Section is planning the following insecticide application during daylight hours on **Friday, May 29, 2009, Saturday, May 30, 2009, Sunday, May 31, 2009, and Monday, June 1, 2009.**

Application of Altosid 20% (Methoprene) will take place with a helicopter to control mosquito larvae in the following areas:

In and near Lewes, Rehoboth, Dewey, Bethany, South Bethany, Fenwick, Ocean View, Millville, and Frankford.

All insecticides to be used are registered with the USEPA for mosquito control and will be applied according to USEPA approved label instructions. The USEPA has determined that the insecticides to be used do not pose unreasonable risks to human health, wildlife or the environment.
